

# Rose's Produce and Plants

## Notice to cease operations public sector contact

July 13, 2020

Dear Customer, I pray that this day finds you doing well.

It is with a lot of compassion and heartache that we have made the decision to close our public facing part of operations for Rose's produce and plants. We truly enjoy meeting and working with our customers for the last five years. For our safety and for your safety we have decided that it is best that we stop operations and continue only with home delivery.

We intend to maintain a contactless delivery process delivering our produce to you and that only one person will be handling your produce from the plant to your table.

If you're interested in continuing to purchase produce from us please contact us at our website.
